RentCo Africa offers flexible leasing options for all movable assets, including but not exhaustive to vehicles, machinery, equipment, and technology solutions.

By providing access to essential resources without the burden of outright ownership, we help businesses optimize their operations, increase productivity, and conserve capital.

It is now our 10 Year Anniversary of Impact in Accelerating Sustainable Business Growth in Africa through Asset Leasing.

In terms of success, the last decade has seen us:

- Deliver thousands of Government Vehicle Leasing Programs in multiple East African countries

- Transform the HealthCare Sector through Leased Accelerated Response & Life-saving Equipment
- Food Security through Mechanized Agricultural Solutions
- Empowering Businesses through Distributor & Retailer Value Chain Financing

RentCo Africa is set to pioneer the leasing of 60MW wellhead geothermal power plants in Kenya based on an infrastructure leasing model, which will be the first of its kind in the world.

Why The Commonwealth?

Coming Together forms the very foundation of the Commonwealth. The Commonwealth Enterprise & Investment Council's main aim is to facilitate trade and investment throughout the 56 Commonwealth member nations.

As a **Change Catalyst**, creating opportunities fostering connections aligns with our **core philosophy** of **Accelerating Sustainable Business Growth.**

Our nomination to the Advisory Council and induction of RentCo Africa as a Strategic Partner has ignited a new spark for us to leverage our collective knowledge, industry expertise, and resources to drive innovation, address challenges, and create opportunities for growth globally and throughout the Commonwealth.

(Call-to-Action)

In today's uncertain financial climate, leasing of movable assets stands out as viable alternative, flexible and creative financing option enabling Governments and organizations alike, to acquire today's assets or equipment, at today's price, but paid with tomorrow's revenues.

So, whether it is short-term leasing for a specific project or long-term arrangements for ongoing operations, RentCo Africa can offer you flexible terms and competitive rates to ensure you obtain the assets you need while maintaining financial stability.

With these remarks, RentCo Africa is delighted to share our contributions and positive impact we strive to make on a global scale. We are excited about the possibilities that lie ahead and are fully committed to upholding the values and objectives of the Commonwealth while working collaboratively to achieve our shared goals.

I look forward to engaging with many of you today and in the coming months.
